REQUEST FOR CORRECTED OFFICIAL FILING RECEIPT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Several errors have been noted on the Official Filing Receipt in the referenced application. Applicants previously requested and received a corrected Filing Receipt for this patent application. However, the correction was incomplete. The patent, of which the present patent application is a reissue patent application, claimed no domestic priority and therefore all of the domestic priority data, which pertains to a different patent incorrectly listed on the original Filing Receipt, should be deleted. The patent of which reissue is sought claims the benefit of a foreign patent application and that priority claim information needs to be entered on the filing receipt under Foreign Applications. Please issue a Corrected Official Filing Receipt correcting this error as marked in red on the attached copy of the Official Filing Receipt.

In the portion of the Domestic Priority data as claimed by applicant, the portion that reads "WHICH IS A CIP OF 08/891,818 07/14/1997 ABN WHICH CLAIMS BENEFIT OF 60/021,829 07/16/1996 AND SAID 08/964,236 11/04/1997 CLAIMS BENEFIT OF 60/028,086 10/07/1996" is erroneous and should be removed.

In re Appln. of Hatakenaka et al.
Serial No. 09/871,978

Under Foreign Applications please add JP 9-086600, filed April 4, 1997. These errors occurred at the U.S. Patent and Trademark Office.

A correct application data sheet is attached.

Prompt issuance of a completely corrected filing receipt is requested.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
